

Net amount charged for publication of a Proceeding of 100 pages (or part thereof) is Rs. 20,000.00 only which includes free copies to the participants (not exceeding 100).

Manuscript in triplicate, of which one is a clear master copy with original figures, should be sent to the Assistant Registrar—*Mr. S Sahoo, Indian Journal of Physics* with a mention of the field under which the paper is being submitted.

Manuscript may also be submitted through an appropriate member of the Board of Editors. In that case, one copy of the manuscript is to be sent to the member concerned and two other copies must be submitted to the Editorial Office with an intimation.

Final version of the Manuscript (after being accepted and edited) must be submitted in a CD (containing the Text in MSWORD / La Tex, and the Figures in Post Script Files) before it is scheduled for publication. No article will be published without CD.

(ii) Title

The title should be brief and yet convey to the informed reader, the particular nature of the contents of the paper.

(iii) Address

The name(s) of the author(s) and address(es) of the institute where the research work was done, should be indicated. The name of the author to whom correspondence is to be addressed, should be underlined. The present address(es) of the author(s), if it is different, may be given as a *foot note*. E-mail address of the corresponding author must be provided.

(iv) Abstract

An abstract of less than 200 words is required. It should contain the essence of the result achieved.

(v) Keywords and PACS numbers

Appropriate keywords and PACS nos. (Physics and Astronomy Classification Scheme of American Institute of Physics) (not more than six) must be provided for indexing and information retrieval services. PACS is available online (<http://www.aip.org/pacs/>).

(vi) Text

In the preparation of text, the authors should pay attention to the language (usage of words, grammar and construction of sentences), logical presentation, enumeration of assumption made, justifications of approximations made *etc.* and all the limitations must be stated whenever and wherever necessary. Moreover, a paper must be self-contained, its presentation being clear, concise and satisfactory.

(vii) Figures

The number of figures should be kept to the minimum. Each figure must be referred to in the text, be numbered and have a caption. The captions should be typed on a separate sheet. The appropriate place of the figure should be indicated in the margin of the text. Axes of figures must be labelled properly. The letterings as well as the essential details be inserted in all the submitted copies. Waste space at the top and bottom should be avoided. After acceptance, electronic files for the figure (Post Script Files) are to be submitted in a CD.

(viii) Tables

Tables should be typed on separate sheets and each table should have a number and a self-explanatory title. Column headings of tables should be brief. Footnotes to the tables, if any, should be identified by superscript letters and placed at the bottom of the table. When papers include extensive tabular material or appendices, which may be of interest to relatively few readers, the material should be deposited with the Editorial Office.

(ix) Formulae

Displayed formula should be numbered ; typed or written by hand clearly and unambiguously. Vectors, special symbols, superscript and subscripts *etc.* should be identified with proper signs in the manuscript. Long equations should be avoided as much as possible, by introduction of suitable abbreviations of component expressions. The 'exp' form of complex exponential functions [**Exp ($-kr$) instead of e^{-kr}**], fractional exponents instead of root signs [**$x^{1/2}$ instead of \sqrt{x}**] and solidus (/) for fractions [**a/b instead of $\frac{a}{b}$**] are preferable. International conventions in the choice of symbols, units and notation should be followed.

(x) References

All references referred to text, tables and figures of a manuscript must be combined in a single list, numbered consecutively in their order of first appearance and arranged in the same order at the end of the text material. They should be cited in text by Arabic numerals in square brackets at appropriate places of a sentence, for example [1-5] *etc.* The references cited should be limited to the absolute minimum and the list to be submitted in a separate sheet containing names of all authors ('*et al*' is not allowed). They should be as complete as possible and be presented as follows :

- [e] U Fano and A R P Rao *Atomic Collisions and Spectra* (New York : Academic) **Vol 1**, Ch 2, Sec 4, p 25 (1986)
- [7] T Atsumi, T Isihara, M Koyama and M Matsuzawa *Phys. Rev.* **A42** 6391 (1990)

- [21] K B MacAdam (to be published) (1991)
- [23] T Roy *PhD Thesis* (University of Calcutta, India) (1992)

(xi) Footnotes

As far as possible, footnotes should be avoided.

(xii) Appendices

All appendices should be numbered consecutively and typed on separate sheet.

Manuscripts which do not conform to these conventions are returned to the authors immediately.
